

AFHTI Education Program – 2022 COVID Guidelines

We offer classes to all students of Healing Touch, however we need to conform with vaccination regulations stipulated by the venue.

If the venue is a private home, then the owner / organiser can stipulate restrictions / regulations.

We record names and contact details of all attendees at Healing Touch activities

We adhere to State public health orders, including use of QR code for venue, and no entry if symptoms present

Masks may be required for all those attending activities when inside, and to observe social distancing where possible.

Susan Ashton
President
